

Freedom Scientific

VERAsystem

Very Easy Reading Appliance

This elegant stand-alone reading machine is designed for those with low vision who want to continue reading easily and independently. The VERA System takes a picture of your printed material and reads the text in crisp, clear speech through an internal synthesizer. You can also view it on a computer monitor or your television using the optional converter.

Easy Page Navigation

VERA is a complete reading machine for books, magazines, recipes and typed correspondence. Its easy to understand keypad has large keys with colorful tactile markings and placement. Plug it in, turn it on and begin reading. You can read a page continuously, line-by-line or word-by-word.

Good Looks and Feature Packed

The VERA System's attractive, wood case is packed with easy to use features.

Additional Options:
VERA Television
Converter

- Single-key switching to help mode to announce key functions.
- Single-function keys for basic use: Scan, Read and Stop.
- Less-frequently used keys tuck away under a flip-up cover.
- Adjustable settings for text size and color when used with a computer monitor or television.
- Reads in Spanish or French text with the touch of a key.
- Internal filing system with 10 separate folders.
- VERA automatically saves documents when switched off.
- Power cables, manuals and documentation are included.
- 30-day money-back guarantee and a standard one-year warranty against manufacturing defects from date of receipt.
